真题语境补充：2022/12/ 卷1 六级阅读 -Section C

P1 **Degradation** of the world's **natural resources** by humans is rapidly **outpacing** the planet's ability to **absorb** the damage, a recent UN environmental study has found. The study concludes that without radical action the level of **prosperity** that millions of people in the developed world count on will be impossible to **maintain** or **extend** to poorer countries.

P2 **Water scarcity** is the **curse** of some of the poorest regions on Earth, leaving developing
